Trade name: Polo White Chain Spray

(Contd. of page P410+P412 Protect from sunlight. Do not expose to temperatures exceeding 50 °C/122 °F. P501 Dispose of contents/container in accordance with local/regional/national/international regulations. • 2.3 Other hazards • Results of PBT and vPvB assessment • PBT: Not applicable. • vPvB: Not applicable.		
3.2 Mixtures	/information on ingredients	
Dangerous components:		
CAS: 64742-49-0 EC number: 921-024-6 Reg.nr.: 01-2119475514-35	Naphtha (petroleum), hydrotreated light Flam. Liq. 2, H225;  Asp. Tox. 1, H304;  Aquatic Chronic 2, H411;  Skin Irrit. 2, H315; STOT SE 3, H336	25-50%
CAS: 106-97-8 EINECS: 203-448-7		20-<25%
	🚸 Flam. Gas 1, H220; Press. Gas C, H280	

· Additional information: For the wording of the listed hazard phrases refer to section 16.

#### SECTION 4: First aid measures

• 4.1 Description of first aid measures

General information: Take affected persons out into the fresh air. If symptoms persist consult doctor.

- After inhalation: Supply fresh air. Seek medical treatment in case of complaints.
- After skin contact: Immediately wash with water and soap and rinse thoroughly.
- After eve contact:

Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.

· After swallowing:

If swallowed, do not induce vomiting: seek medical advice immediately and show this container or label.

• **4.2 Most important symptoms and effects, both acute and delayed** No further relevant information available.

· Hazards If swallowed or in case of vomiting, danger of entering the lungs.

**4.3 Indication of any immediate medical attention and special treatment needed** No further relevant information available.

### SECTION 5: Firefighting measures

- 5.1 Extinguishing media
- Suitable extinguishing agents:
- CO2, powder or water spray. Fight larger fires with water spray or alcohol resistant foam.
- For safety reasons unsuitable extinguishing agents: Water with full jet
- · 5.2 Special hazards arising from the substance or mixture

Formation of toxic gases is possible during heating or in case of fire.

· Protective equipment: Wear self-contained respiratory protective device.

(Contd. on page 3)

 <sup>5.3</sup> Advice for firefighters

Printing date 02.09.2016

V - 9

Revision: 02.09.2016

Trade name: Polo White Chain Spray

### Additional information

Danger of bursting. Cool endangered receptacles with water spray.

### SECTION 6: Accidental release measures

 6.1 Personal precautions, protective equipment and emergency procedures Keep away from ignition sources. Ensure adequate ventilation Avoid contact with skin and eyes. · 6.2 Environmental precautions: Do not allow to penetrate the ground/soil. Do not allow to enter sewers/ surface or ground water. · 6.3 Methods and material for containment and cleaning up: Ensure adequate ventilation. Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Dispose contaminated material as waste according to item 13. 6.4 Reference to other sections See Section 7 for information on safe handling. See Section 8 for information on personal protection equipment. See Section 13 for disposal information.

### SECTION 7: Handling and storage

 7.1 Precautions for safe handling Avoid contact with skin and eyes. Keep away from heat and direct sunlight. Ensure good ventilation/exhaustion at the workplace.

 Information about fire - and explosion protection: Do not spray onto a naked flame or any incandescent material. Keep ignition sources away - Do not smoke. Pressurised container: protect from sunlight and do not expose to temperatures exceeding 50 °C, i.e. electric lights. Do not pierce or burn, even after use.

- 7.2 Conditions for safe storage, including any incompatibilities
- · Storage:
- · Requirements to be met by storerooms and receptacles: Store in a cool location. Observe official regulations on storing packagings with pressurised containers.

· Information about storage in one common storage facility: Store away from foodstuffs.

 Further information about storage conditions: Store in a cool place. Heat will increase pressure and may lead to the receptacle bursting. Protect from heat and direct sunlight.

· 7.3 Specific end use(s) No further relevant information available.

### SECTION 8: Exposure controls/personal protection

· Additional information about design of technical facilities: No further data; see item 7.

8.1 Control parameters

Ingredients with limit values that require monitoring at the workplace: The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.

<sup>•</sup> 9.2 Other information

No further relevant information available.

### SECTION 10: Stability and reactivity

· **10.1 Reactivity** No further relevant information available.

- 10.2 Chemical stability
- · Thermal decomposition / conditions to be avoided:

No decomposition if used according to specifications.

Store in a cool place. Heat will increase pressure and may lead to the receptacle bursting.

10.3 Possibility of hazardous reactions Reacts with strong oxidising agents.

• **10.4 Conditions to avoid** No further relevant information available.

• **10.5 Incompatible materials:** Store away from oxidising agents.

• **10.6 Hazardous decomposition products:** No decomposition if used and stored according to specifications. In case of fire, the following can be released: Carbon monoxide and carbon dioxide

### SECTION 11: Toxicological information

· 11.1 Information on toxicological effects

• Acute toxicity Based on available data, the classification criteria are not met.

· LD/LC50 values relevant for classification:

64742-49-0 Naphtha (petroleum), hydrotreated light

Oral LD50 >5840 mg/kg (rat)

### 106-97-8 butane

Inhalative LC50/4 h 658 mg/l (rat)

• Specific symptoms in biological assay: Not determined

- Primary irritant effect:
- · Skin corrosion/irritation
- Causes skin irritation.

• Serious eye damage/irritation Based on available data, the classification criteria are not met.

- · Respiratory or skin sensitisation Based on available data, the classification criteria are not met.
- Additional toxicological information: Vapours may cause drowsiness and dizziness.
- CMR effects (carcinogenity, mutagenicity and toxicity for reproduction)
- Germ cell mutagenicity Based on available data, the classification criteria are not met.
- Carcinogenicity Based on available data, the classification criteria are not met.
- Reproductive toxicity Based on available data, the classification criteria are not met.
- STOT-single exposure
- May cause drowsiness or dizziness.
- STOT-repeated exposure Based on available data, the classification criteria are not met.
- Aspiration hazard Based on available data, the classification criteria are not met.

### **SECTION 12: Ecological information**

· 12.1 Toxicity

- · Aquatic toxicity: No further relevant information available.
- · 12.2 Persistence and degradability No further relevant information available.
- 12.3 Bioaccumulative potential No further relevant information available.
- · 12.4 Mobility in soil No further relevant information available.
- · Ecotoxical effects:

• Remark: Toxic for fish

(Contd. on page 6)

Printing date 02.09.2016

V - 9

Revision: 02.09.2016

Trade name: Polo White Chain Spray

### · Additional ecological information:

### · General notes:

Toxic for aquatic organisms

Water hazard class 1 (German Regulation) (Self-assessment): slightly hazardous for water

Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system. • **12.5 Results of PBT and vPvB assessment** 

### · 12.5 Results of PB1 and VPVB as

• **PBT:** Not applicable.

• **vPvB:** Not applicable.

• **12.6 Other adverse effects** No further relevant information available.

### SECTION 13: Disposal considerations

### · 13.1 Waste treatment methods

· Recommendation Disposal must be made according to official regulations.

### · European waste catalogue

16 05 04\* gases in pressure containers (including halons) containing dangerous substances

### · Uncleaned packaging:

• Recommendation: Disposal must be made according to official regulations.

14.1 UN-Number	
ADR, IMDG, IATA	UN1950
14.2 UN proper shipping name	
ADR	1950 AEROSOLS, ENVIRONMENTALLY HAZARDOUS
IMDG	AEROSOLS (Naphtha (petroleum), hydrotreated light),

### SECTION 15: Regulatory information

• **15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture** No further relevant information available.

· Directive 2012/18/EU

· Named dangerous substances - ANNEX I None of the ingredients is listed.

Seveso category

P3a FLAMMĂBLE AEROSOLS

E2 Hazardous to the Aquatic Environment

 $\cdot$  Qualifying quantity (tonnes) for the application of lower-tier requirements 150 t

- · Qualifying quantity (tonnes) for the application of upper-tier requirements 500 t
- · 15.2 Chemical safety assessment: A Chemical Safety Assessment has been carried out.

### **SECTION 16: Other information**

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.

· Relevant phrases

H220 Extremely flammable gas.

H225 Highly flammable liquid and vapour.

H280 Contains gas under pressure; may explode if heated.

H304 May be fatal if swallowed and enters airways.

H315 Causes skin irritation.

H336 May cause drowsiness or dizziness.

H411 Toxic to aquatic life with long lasting effects.
