## PRODUCT LINE

### DRIVE SHAFT

RIDEX innovations serve to limit the impact of vibration on the car, thus making for a gentler and quieter ride.

### CONSTANT VELOCITY JOINTS

Homokinetic joints transfer power at shifting angles without change in rotation speed, abrasion, or lash. The surfaces of our constant velocity joints are durable and the flexibility of the protective boots is resistant to heat or cold. Sets come complete with a tube of lubricant.

### BELLOW SETS

Bellow sets serve to repair CV joints affected by wear and tear caused by weathering. The sets come with metal bands that can be fastened without the need for special gear.

# WHEEL DRIVE COMPONENTS FOR TOP CAR BRANDS

At Ridex's Berlin headquarters, we design and build car parts that match the exact fit and function of the vehicle's factory-fitted parts. The extensive research carried out by our engineering department allows us to manufacture the most in-demand parts for European, American, and Asian cars.

# THE RIDEX GUARANTEE

RIDEX guarantees that every part in its range is produced using high-quality materials which comply with technical requirements and original equipment (OE) standards.

With the purchase of any RIDEX product, RIDEX grants the consumer a limited 2-year guarantee from the date of installation, during which time RIDEX agrees to examine, repair and/or replace the purchased spare parts.

The consumer should examine the RIDEX product thoroughly upon purchase or delivery. If they find the RIDEX product to be defective or flawed, they must submit a guarantee claim to the RIDEX product dealer they purchased the product from.

## THE CONSUMER SHOULD PROVIDE THE FOLLOWING WHEN THEY MAKE A CLAIM:

- ///** The complete RIDEX product in its original packaging.
- ///** Proof of purchase/payment receipt.
- ///** A detailed description of the defect/ flaw with the date of installation and a document proving the mileage of the vehicle at the time the fault was discovered.

## THE GUARANTEE DOES NOT COVER OR MAY BE VOID IN CASES WHERE:

- 1.** RIDEX products are damaged due to incorrect installation by the consumer or a third party. **2.** RIDEX products are modified or altered by the consumer or a third party. **3.** The consumer purchased and installed a RIDEX spare part that was not compatible with their vehicle. **4.** RIDEX products are used inappropriately or are used for functions other than their intended purpose. **5.** RIDEX products are used in a manner that does not comply with the requirements and recommendations provided by the manufacturer of the spare part and/or the car manufacturer.
