

## Cabin Air filters | Great vehicle climate control: Five times protection for your health.

Up to 540,000 liters of air can enter your car for every hour of driving time. Multiple studies have shown that air quality in your car has a significant influence on your safety. When air is thick with pollutants, drivers' concentration can suffer, resulting in a higher risk of accidents. Cabin air filters create healthy, comfortable air. They effectively block pollen, fine dust, bacteria, and unpleasant smells. Whether you suffer from allergies or not, you'll breathe deep and enjoy the improved climate in your vehicle.

- Particles down to 3 µm (0.003 mm) are effectively restrained
- Compared to standard activated carbon filters, Hengst Blue.care cabin filters additionally neutralizes allergens and bacteria.
- Blue.care cabin air filter consists of five layers
- First layer consists of an electrostatic medium with a pre-filtration function to trap coarse particles
- Second layer increases dust retention and third layer separates vapors, odors and toxic gases such as ozone, nitrogen oxide and sulfur dioxide
- Layer four traps fine dust and micro-particles with a diameter smaller than 2.5 µm and the bio-functional fifth layer has an anti-microbial effect.

### Your benefits:

- ✓ Almost **100 % of all allergens caught**
- ✓ Ideal **protection against the pollens** that cause hay fever, **and other airborne pollutants**
- ✓ **Resistant to mold and bacteria**
- ✓ **Removes** almost all **fine dust** from the vehicle's interior
- ✓ **Increase security and comfort** while driving

**Blue.care<sup>®</sup>**

## Work smarter.

### Relying on OE quality.

As original equipment manufacturers and development partners with well-known vehicle and engine manufacturers, Hengst implement the best ideas in the best quality. From the classic filter insert to the sophisticated special application, you will find a full range of service parts of consistently high premium quality. And that pays off for you and your customers.
